

DR. VINAYAK GHANATE

Consultant - Orthopaedics

Qualification

MBBS | D.Orth | DNB Orth | FRCS Trauma & Orthopaedics, UK | Fellowship in Joint Replacement

Overview

Dr. Vinayak Ghanate is a highly accomplished orthopaedic surgeon at Manipal Hospitals, Baner, Pune, with extensive expertise in trauma care, joint replacement, arthroscopy, and robotic orthopaedic surgery. With a career spanning over a decade, Dr. Ghanate has gained a reputation for delivering advanced, evidence-based treatment for conditions such as avascular necrosis (AVN) of the hip, sports injuries, ligament tears, fractures, and bone infections. A gold medallist in his academic journey, Dr. Ghanate pursued advanced training in the United Kingdom and earned the prestigious FRCS in Trauma & Orthopaedics from the Royal College of Surgeons of Edinburgh. He worked at leading UK hospitals, including Princess of Wales Hospital, Bridgend, and Kettering General Hospital, where he mastered complex procedures such as revision joint replacements, robotic-assisted surgeries, and hip preservation techniques. His areas of interest include hip and knee replacements, revision arthroplasty, joint conservation, osteomyelitis management, and enhanced recovery protocols that allow faster rehabilitation. Dr. Ghanate is well-recognised for adopting a minimally invasive, patient-first approach, ensuring reduced pain, shorter hospital stays, and optimal functional recovery. He holds several prestigious fellowships and memberships, including the British Orthopaedic Association, Indian Orthopaedic Association, and AO Trauma Association. He also serves as an MRCS examiner and a senior clinical fellow under the MTI program of the Royal College of Surgeons, UK. Dr. Ghanate's commitment to innovation, surgical precision, and holistic orthopaedic care makes him a leading name in his field. His patient base ranges from athletes to elderly individuals, all benefiting from his tailored treatment plans and compassionate care.

Fellowship & Membership

- Fellowship in Joint Replacement
- Fellow of The Royal College of Surgeons of Edinburgh
- British Orthopaedic Association
- Indian Orthopaedic Association
- Maharashtra Orthopaedic Association.
- Senior Clinical Fellow MTI Royal College of Surgeons, UK
- MRCS examiner for Royal College of Surgeons, UK
- Faculty Member AO Trauma Association
- Faculty Member of Pune Orthopaedic Society
- Maharashtra Orthopaedic Association

Field of Expertise

- Trauma & Orthopaedics

- Joint Replacement
- Arthroscopy
- Avascular Necrosis of Hip
- Hip Preservation and Total Hip Replacement in AVN
- Revision Joint Replacement
- Robotic Joint Replacement
- Sports and Ligament Injuries
- Joint Conservation and Pain Management
- Fracture and Accident
- Bone Injection and Osteomyelitis
- Enhanced Recovery Pathway in Orthopaedic Surgeries
