

DR. ABHISHEK BANERJEE

Senior Consultant - Gastrointestinal Medical Specialist

Qualification

MBBS | MD | DM

Overview

Dr. Abhishek Banerjee is a highly skilled and dynamic gastroenterologist whose extensive academic background, hands-on experience, and deep expertise in diagnostic and therapeutic procedures have made him a highly respected figure in the field of gastroenterology. His unwavering commitment to providing the highest standard of care for patients with complex gastrointestinal and liver diseases has earned him a distinguished reputation in the medical community. With years of education, specialization, and practical experience, Dr. Banerjee has truly made a lasting impact on the field of gastroenterology. Dr. Banerjee's educational journey has played a pivotal role in shaping his career, starting with his time at Burdwan Medical College & Hospital in Burdwan, West Bengal, where he completed his Bachelor of Medicine, Bachelor of Surgery (M.B.B.S) degree from 2002 to 2007. The foundational knowledge gained during this period not only provided him with a comprehensive understanding of medical sciences but also sparked his interest in pursuing a specialized medical career. His years of medical training at Burdwan Medical College served as a springboard for his future success, nurturing his passion for the medical field and laying the groundwork for the advanced education that would follow. After completing his M.B.B.S., Dr. Banerjee's educational journey continued at the prestigious R.G. Kar Medical College & Hospital in Kolkata, where he pursued his Master of Medicine (M.D) degree in General Medicine from 2010 to 2013. This phase of his medical education allowed him to refine his clinical skills and broaden his knowledge of internal medicine. The rigorous training at R.G. Kar Medical College deepened Dr. Banerjee's understanding of various medical conditions and their treatment approaches, sparking an even greater interest in gastrointestinal disorders. It was during his time at R.G. Kar that Dr. Banerjee realized his passion for specializing in gastroenterology, as he encountered a variety of cases that involved complex gastrointestinal issues. However, Dr. Banerjee's thirst for knowledge and his dedication to becoming an expert in his field did not stop with his M.D. in General Medicine. Understanding the need for specialized care in gastrointestinal disorders, he took a significant step forward in his educational journey by pursuing a Doctorate of Medicine (D.M) in Gastroenterology. This advanced specialization was undertaken at IPGMER & SSKM Hospital in Kolkata, one of the most renowned medical institutions in India. From 2020 to 2023, Dr. Banerjee received comprehensive training in the diagnosis and management of a wide range of gastrointestinal and liver diseases, including those that require intricate and advanced treatment procedures. His time at IPGMER exposed him to some of the leading experts in the field of gastroenterology, offering him unparalleled learning opportunities and hands-on experience in cutting-edge diagnostic and therapeutic procedures. The practical experience Dr. Banerjee gained during his educational journey has been instrumental in shaping his career as a skilled gastroenterologist. After completing his M.D. in General Medicine, Dr. Banerjee embarked on his professional career with a role as a Senior Resident at R.G. Kar Medical College & Hospital, Kolkata. This early exposure to clinical practice allowed him to interact with a wide array of medical cases, providing him with an invaluable foundation in patient management and treatment. During his tenure at R.G. Kar, Dr. Banerjee further honed his clinical skills, engaging with patients and collaborating with multidisciplinary teams to offer comprehensive care for a range of complex medical conditions. In addition to his work at R.G. Kar Medical College, Dr. Banerjee was also given the opportunity to work as a Registrar at Medica Superspeciality Hospital in Kolkata. This multi-disciplinary medical setting allowed him to expand his expertise by managing critical and chronic medical conditions across various specialities. The exposure he received at Medica Superspeciality Hospital played a pivotal role in refining his clinical acumen and helping him recognize the pressing need for specialized care in the field of gastroenterology. It was during his time here that Dr. Banerjee solidified his determination to pursue gastroenterology as his primary area of expertise, as he found himself deeply engaged with patients who suffered from gastrointestinal and liver disorders. Dr. Banerjee's dedication to his craft took him to SGPGI Lucknow, one

of the top medical institutions in India, where he worked as a Senior Resident. At SGPGI, Dr. Banerjee was able to deepen his understanding of gastroenterology and medical practices through exposure to the latest research and advanced medical techniques. SGPGI is widely known for its high standards in medical education and research, and Dr. Banerjee was able to take full advantage of the opportunities available to him, further enhancing his skills in the clinical management of patients. During his time at SGPGI, Dr. Banerjee interacted with patients from diverse backgrounds and conditions, providing him with an all-encompassing experience in diagnosing and treating gastrointestinal diseases. In 2020, Dr. Banerjee was presented with the opportunity to join IPGMER & SSKM Hospital, Kolkata, to specialize in gastroenterology. This prestigious institution allowed him to work with some of the brightest minds in the field and further refine his expertise in gastroenterology. At IPGMER, Dr. Banerjee received high-quality training in both diagnostic and therapeutic endoscopy, an essential area of gastroenterology that involves examining the gastrointestinal tract and treating various conditions using endoscopic procedures. His exposure to state-of-the-art endoscopic techniques and technologies equipped him with the skills to manage complex cases involving gastrointestinal bleeding, tumours, and other disorders. Additionally, Dr. Banerjee was trained in performing therapeutic procedures such as endoscopic stenting, variceal banding, and dilation of strictures. He is the best Gastroenterologist in Broadway, Kolkata. In addition to his academic achievements, Dr. Banerjee's career trajectory reflects his continuous commitment to professional development. Throughout his journey, he has attended various medical conferences and workshops, keeping himself up-to-date with the latest advancements in gastroenterology and related fields. His dedication to advancing his knowledge and skills has allowed him to provide the most effective care for his patients, ensuring that they receive the best possible treatment options for their conditions. Dr. Banerjee's ability to blend cutting-edge medical knowledge with practical clinical experience has made him a highly sought-after specialist in gastroenterology. Today, Dr. Banerjee continues to make significant contributions to the field of gastroenterology through his clinical practice and commitment to patient care. He remains focused on providing compassionate and comprehensive treatment to patients with complex gastrointestinal and liver diseases, always striving to improve their quality of life. With his extensive education, training, and experience, Dr. Abhishek Banerjee is not only a skilled gastroenterologist but also a trusted medical professional who continues to make a positive impact on the healthcare community. With his unwavering commitment to excellence, Dr. Banerjee's work continues to inspire future generations of gastroenterologists and medical professionals who aspire to make a difference in the lives of their patients. Through his dedication, passion, and expertise, Dr. Banerjee serves as an exemplary figure in the field of gastroenterology, making substantial contributions to both the medical community and the well-being of his patients.
