

DR. VIDEESH SOMBATTINA

Consultant - Neonatology

Qualification

MBBS (Kurnool Medical College, Kurnool, Andhra Pradesh) | Pediatric Medicine (DDUH, New Delhi) | DM Neonatology (Lady Hardinge Medical College & Kalawati Saran Children's Hospital, New Delhi)

Overview

Dr. Videesh Sombattina is a highly skilled and experienced consultant neonatologist with over 10 years of expertise in his field. He completed his MBBS from the prestigious Kurnool Medical College, Andhra Pradesh, and further specialised in paediatrics with a post-graduate degree from Deen Dayal Upadhyay Hospital, New Delhi. His clinical training includes three years as a Senior Resident at prestigious institutions like ESI PGIMS and AIIMS, New Delhi. He later pursued a DM in Neonatology from Lady Hardinge Medical College, New Delhi. He is the foremost Neonatologist in Delhi. After completing his DM, Dr. Sombattina worked as a Consultant Neonatologist and Pediatrician at the Delhi Newborn Centre for 9 months. Dr. Sombattina's expertise includes managing extremely premature & critically ill (Term, Preterm) babies, parental counselling, supporting families during critical neonatal care and nutrition, growth follow ups and common childhood illnesses management. Dr. Sombattina's commitment to continuous learning is evident through his active participation in workshops and seminars, where he regularly upgrades his skills and stays informed about the latest advancements in neonatology. As a member of the National Neonatology Forum (NNF), he is dedicated to learning about the advancing neonatal care in India. He is also actively involved in research. He was awarded for his paper presentation on "Early Bolus Surfactant Replacement Therapy Versus Standard Care in Term Neonates with Meconium Aspiration Syndrome" at the Central Zone - UP NEOCON 2023. This achievement highlights his focus on optimising treatment approaches for neonatal respiratory conditions. In addition to his clinical work, Dr. Sombattina regularly attends national and international conferences to remain updated on the latest innovations in neonatology. Dr. Sombattina is adept at communicating with a diverse patient base, ensuring that families understand their child's condition and the treatment options available. His compassionate conduct, personalised approach, and unwavering dedication to providing optimal care have earned him excellent reviews and positive feedback from both patients and colleagues. His commitment to offering the highest standard of care makes him a trusted name in neonatal medicine and the best neonatologist in Delhi.
