

DR. VICKY KULDEEP

Associate Consultant - Minimal Access And Robotic Surgery

Qualification

MBBS | DNB (GENERAL SURGERY) | FMAS | FALS

Overview

Dr. Vicky is a highly experienced and dedicated General Surgeon at Manipal Hospitals Dwarka, New Delhi, committed to delivering outstanding, patient-centred surgical care. Holding an MBBS and a DNB in General Surgery, along with advanced certifications such as FMAS and E-FIAGES, he epitomises excellence and continuous professional development in the field of surgery. Throughout his career, Dr. Vicky has accumulated extensive expertise in managing both emergency and elective cases. His surgical repertoire encompasses a wide range of procedures including laparoscopic and open hernia repairs, laparoscopic cholecystectomy, appendectomy, and comprehensive proctological interventions. In addition, he is proficient in performing breast surgeries, GI oncology procedures, and trauma laparotomies. His skills extend to advanced gynaecological laparoscopic procedures such as ovarian cystectomy and laparoscopic hysterectomy, ensuring precise and minimally invasive treatment options for his patients. Dr. Vicky's professional journey spans several reputed institutions. He has excelled in senior residency roles at LTMGH in Mumbai, BARC Hospital, and GTB Hospital in Delhi. Moreover, his consultancy roles at Aakash Healthcare and SCI International Hospital have allowed him to refine his clinical acumen and adaptability in treating both national and international patients. His work underlines his ability to function effectively under pressure while maintaining exemplary communication and meticulous preoperative and post-operative care. At Manipal Hospitals Dwarka, Dr. Vicky applies modern surgical techniques and evidence-based medicine to optimise patient outcomes. His commitment is reinforced by his academic contributions, including published case reports and presentations at national conferences, which attest to his continuous pursuit of surgical innovation. Dr. Vicky's expertise, combined with his compassionate approach, ensures that patients receive high-quality care tailored to their specific needs.
