

DR. KANIKA GUPTA

Consultant - Obstetrics and Gynaecology

Qualification

MBBS | MS (OBGYN) | FMAS | Ex-Associate Onco-Gynaecologist (TMH) | Fellowship in ART (NUH)

Overview

Dr. Kanika Gupta is a highly skilled Obstetrician, Gynaecologist, and IVF Specialist with extensive experience in women's health, reproductive medicine, and advanced laparoscopic surgery. With over a decade of dedicated clinical practice, she is known for her expertise in managing complex gynaecological conditions and infertility with compassion, precision, and care. She has received advanced laparoscopic and hysteroscopic training from leading institutions such as CeMAST, Mumbai, and Max Super Speciality Hospital, Saket, New Delhi, under the mentorship of renowned endoscopic surgeons. Further enhancing her expertise, she trained in Gynaecologic Oncology surgeries at the prestigious Tata Memorial Hospital, Mumbai, and went on to complete her Fellowship in Assisted Reproductive Techniques (ART) from NUH, Singapore. Dr. Gupta has been associated with several of India's most reputed healthcare institutions, including Max Super Speciality Hospital, Saket, Maulana Azad Medical College, and Manipal Hospital. She brings a patient-centric approach, combining scientific excellence with empathy and individualised care to ensure the best possible outcomes for her patients.
