

DR. SUMAN KUMARI

Consultant - Uro-Onco Gynaecologist & Preventive Onco Gynaecologist

Qualification

MS in Obstetrics and Gynaecology (OBGY) | Certified in Cancer Screening

Overview

Dr. Suman Kumari is an accomplished Uro-Onco Gynaecologist & Preventive Onco Gynaecologist, in the Department of Gynaecologic Oncology at Manipal Hospitals, E.M. Bypass, Kolkata, with a rich career in obstetrics, gynaecology, and oncological care. Her academic journey began with an MBBS from SCB Medical College & Hospital, Cuttack (2003), followed by an MS in Obstetrics and Gynaecology from Grant Medical College, Mumbai (2009). She further enhanced her qualifications with MRCOG Part-1 in 2012 and gained valuable experience during her Junior Residency at AIIMS, New Delhi. Dr. Kumari has an extensive professional background, having served as a Consultant in Preventive Gynae-Oncology and Uro-Gynaecology at various reputed healthcare institutions. She has held pivotal roles in multiple medical centres and teaching hospitals across different cities. Her contributions to gynaecological oncology are notable, and her expertise spans gynaecological surgeries (Open, Laparoscopic & Robotic Surgery), pelvic organ prolapse repair, colposcopy, cryotherapy, LEEP, and cervical precancer surgeries. Dr. Kumari's accomplishments include specialised training in cancer screening at Tata Medical Centre, Kolkata, and observership at Tata Memorial Hospital, Mumbai. She has screened over 1,000 individuals for cervical, breast, and oral cancers in collaboration with the Kolkata Municipal Corporation. As a dedicated educator, she has taught DNB students and authored multiple publications in indexed journals and esteemed books on gynaecological and reproductive endocrinology. Her professional memberships include FOGSI, AGOI, and the Association of Medical Women in India. Dr. Kumari's unwavering dedication, advanced surgical skills, and significant contributions to cancer prevention and treatment make her a trusted name in the field of Gynaecologic Oncology.
