

DR. WRITUPARNA DAS

Consultant - Cardiac Anaesthesiology

Qualification

MBBS | MD - Anesthesiology | FIPM

Overview

Dr. Writuparna Das is a Consultant in the Department of Cardiac Anesthesiology at Manipal Hospitals, E.M. Bypass, Kolkata, recognized for her extensive expertise and dedication to advancing cardiac anesthesiology and critical care. She completed her MBBS in 2004, followed by an MD in Anesthesiology in 2015, and further advanced her skills by obtaining a Fellowship in Pain Management (FIPM) in 2022. Dr. Das' academic and professional pursuits have been marked by notable achievements, including winning the prestigious Gold Medal in the Dr. Basudev Guha Memorial Paper Presentation in 2013 and being a finalist in the Smt. Sarojini Devi Memorial Paper Presentation the same year. Dr. Das's areas of expertise span adult and pediatric cardiac anesthesia, critical care, ECMO management for all age groups, heart and lung transplant anesthesia, cardiac assist devices, and advanced vascular access procedures. She also specializes in percutaneous tracheostomy and perioperative pain management, making her a highly versatile and skilled professional in the field. Her dedication to medical education and knowledge dissemination is evident through her role as a faculty speaker at various prestigious conferences, including ISACON, IACTACON, and numerous workshops on hemodynamic monitoring and difficult airway management since 2015. She has also been actively involved in clinical training for DNB Anesthesiology students and in the upgradation and training of nursing staff in critical care management, ventilation techniques, and mechanical cardiac support systems. Dr. Das holds professional memberships with leading medical associations, including the Indian Society of Anesthesiologists (Associate Life Member), Indian Association of Cardiovascular and Thoracic Anesthesiologists (Life Member), Indian Association of Pediatric Anesthesiologists (Life Member), and ECMO Society of India (Life Member). She also serves on the executive committees of the West Bengal branches of the Indian Society of Anesthesiologists and the Association of Cardiovascular and Thoracic Anesthesiologists. With over 350 hours of CME attendance to her credit, Dr. Das remains committed to staying abreast of advancements in her field.
