

DR. HITENDRA SHARMA

Consultant - General Surgery

Qualification

MBBS | MS (Gen.Surgery)

Overview

Dr. Hitendra Sharma is a widely renowned and highly trusted General Surgeon in Ghaziabad. He is currently associated with Manipal Hospitals, Ghaziabad, as a consultant with the Department of General Surgery. He completed his MBBS and MS in General Surgery and has vast experience in this field. With expertise in Minimal Access and advanced Laparoscopic Surgeries, as well as Laser Proctology, he is committed to delivering the highest quality care. As a Gold Medalist in Surgery and published author in renowned medical journals like the Indian Journal of Urology, you can trust that you are in capable hands. Fluent in both Hindi and English, he ensures effective communication with patients. He is the best general surgery specialist in Ghaziabad. Dr. Hitendra offers customised treatment to his patients and also guides them in their post-operative journey towards a faster recovery. He has also appeared on various media platforms to disseminate medically accurate information to the public. Dr. Hitendra did a Facebook Live on the occasion of World Heart Day on 'Gallstones can cause acute cholecystitis, which is a more serious condition when the gallbladder is inflamed for The Healthsite (Zee Digital) and an Industry story on 'Some care tips to avoid Hernia in women' for The Quint. Dr. Sharma is highly professional and compassionate. He evaluates patients' medical history and conducts thorough physical examinations before recommending and planning surgical interventions. Dr. Hitendra also collaborates with other healthcare professionals to develop comprehensive treatment plans that address patients' unique needs. He monitors patients' progress post-surgery and provides appropriate follow-up care to ensure optimal recovery. Dr. Hitendra stays updated with the latest advancements in surgical techniques and technologies through continuous professional development. In addition to this, he also adheres to all legal and ethical standards in patient care delivery while maintaining patient confidentiality at all times. He also participates in multidisciplinary team meetings to discuss complex cases and contribute his expertise towards providing the best possible care.
