

DR. KESHAV DAS SADHWANI

Consultant - Nephrology

Qualification

MBBS | MD (Medicine) | DNB (Nephrology)

Overview

Dr. Keshav Das Sadhwani is a highly experienced Consultant Nephrologist with an illustrious career spanning 38 years in the field of kidney care and nephrology. With a strong foundation in internal medicine and nephrology, he is an expert in diagnosing and managing a wide range of kidney-related disorders, providing patients with comprehensive and advanced renal care. Dr. Sadhwani completed his MBBS and MD in Medicine, followed by a DNB in Nephrology, equipping him with specialized knowledge and skills to handle complex kidney diseases. His core areas of expertise include Acute Kidney Injury (AKI), Chronic Kidney Disease (CKD), and Renal Replacement Therapies, such as Hemodialysis and Peritoneal Dialysis. Over the years, he has successfully treated numerous patients suffering from kidney failure, hypertension-related nephropathy, and diabetic kidney disease, helping them lead healthier lives. Known for his patient-centric approach, Dr. Sadhwani strongly believes in early detection, preventive care, and individualized treatment strategies. He emphasizes lifestyle modifications, medical management, and the latest dialysis techniques to improve patient outcomes. His vast experience in renal replacement therapies ensures that patients receive the best possible care with minimal discomfort and maximum effectiveness. A dedicated professional, Dr. Sadhwani stays updated with the latest advancements in nephrology through active participation in medical conferences and research programs. His compassion, clinical excellence, and commitment to kidney health make him one of the most trusted and sought-after nephrologists in the field. With an unwavering focus on patient well-being and quality care, Dr. Keshav Das Sadhwani continues to set high standards in nephrology, helping countless patients manage their kidney health effectively.
