

DR. NITIN MANGLIK

Consultant - Medical Gastroenterology

Qualification

MBBS | MD | DM (Gastroenterology)

Overview

Dr. Nitin Manglik is a distinguished Consultant in Gastroenterology with over 16 years of extensive experience in diagnosing, managing, and treating a wide range of gastrointestinal, liver, and pancreatic disorders. He is highly skilled in advanced GI endoscopy procedures, including diagnostic and therapeutic endoscopies, colonoscopies, and ERCP (Endoscopic Retrograde Cholangiopancreatography), ensuring precise and effective care for his patients. Having earned his MBBS and MD degrees, Dr. Manglik further honed his expertise by completing a DM in Gastroenterology, equipping him with in-depth knowledge of digestive system diseases and advanced therapeutic interventions. His dedication to excellence and patient-centric approach have earned him the trust and respect of his peers and patients alike. Dr. Manglik specializes in managing conditions such as inflammatory bowel disease (IBD), irritable bowel syndrome (IBS), liver disorders, acid reflux, peptic ulcers, and gastrointestinal bleeding. He also has a keen interest in the early detection and management of gastrointestinal cancers through endoscopic screening and minimally invasive techniques. Committed to staying abreast of the latest advancements in his field, Dr. Manglik actively participates in national and international medical conferences and workshops. His approach to patient care emphasizes empathy, clear communication, and evidence-based practices, ensuring comprehensive and personalized treatment plans for every individual. With a passion for improving the quality of life for his patients, Dr. Nitin Manglik combines clinical expertise with state-of-the-art technology to deliver the best possible outcomes. He is dedicated to fostering long-term health and wellness, making him a trusted name in gastroenterology. Patients seeking expert care for gastrointestinal concerns can rely on Dr. Manglik's proven expertise and compassionate approach to achieve optimal health.
