

## DR. AJAY S. SHETTY

Lead Consultant - Urology Andrology & Specialist In Renal Transplantation

### Qualification

MBBS | DNB (General Surgery) | DNB (Urology)

### Overview

Dr. Ajay S Shetty is a well-known Urology Andrology & Renal Transplantation Specialist in Bangalore. He works as a lead consultant-urologist at Manipal Hospital in Hebbal, Bangalore. He is a urologist specialising in minimally invasive operations, particularly kidney and prostate laparoscopic surgery. Dr. Ajay is a wonderful doctor who genuinely cares about his patients and has a down-to-earth demeanour that puts his patients at ease. He is well-known for his kind nature. Dr. Ajay S. Shetty is a certified andrologist who specialises in examining and treating male and female urological operations for incontinence and andrological procedures for male infertility and erectile dysfunction. He specialises in laparoscopic urological treatments, endourological procedures for stone disease, renal transplants (donor and recipient), and reconstructive urological procedures, particularly for Urethral stricture illness. He is also skilled in performing paediatric urological and uro-oncological operations. No wonder he is considered the best urologist in Hebbal, Bangalore. Dr. Shetty holds an MBBS degree from JSS Medical College in Mysore. He also got the Dr. B. Ramamurthy DNB Gold Medal in 2004 for achieving the highest marks in General Surgery. He then completed his DNB-Urology program at the Muljibhai Patel Centre for Research in Nephro-Urology in Nadiad, Gujarat. His academic performance, eagerness to learn new things, and administrative abilities led him to be appointed DNB Programme Coordinator and Assistant Chief of Medical Staff by the Baptist Hospital, Bangalore's management committee. He has also served as an Associate Professor at Malaysian Science University's International Medical School, where he led various undergraduate medical students on theory and practice for three years while simultaneously working as a postgraduate guide and teacher in DNB. He has over two decades of experience in his field and thus is one of the highly respected doctors. Dr. Shetty wrote three chapters and aided in the editing of a healthcare book titled "COMMUNICATE, CARE, CURE, A GUIDE TO HEALTHCARE COMMUNICATION." He has also published several additional studies and is actively involved in comparative research in health care. He understands the value of offering urology services at a cheap cost. His colleagues and patients praise his contribution to the field of urology and his commitment to patient care. Also, he is proficient in Hindi, Kannada, Malayalam, and Gujarati, making communication more straightforward for his patients. He is sensitive and dedicated to his area and constantly goes above and beyond to ensure a positive conclusion in favour of his patients.
