

## DR. VIJENDRA CHATURVEDI

Consultant – Paediatrics

### Qualification

M.B.B.S (MIMS MANDYA) | Diploma in Psychological Medicine (MMC, Chennai) | Diploma in Child Health (Royal College, London U.K) | D.N.B in Paediatrics (NBE, NEW DELHI)

### Overview

Dr. Vijendra Chaturvedi is an experienced paediatrician in Bangalore. He is currently practising as a Consultant – Paediatrics at Manipal Hospital Hebbal, Bangalore. Dr. Vijendra is a highly qualified and compassionate paediatrician with over 11 years of dedicated experience in child healthcare and developmental paediatrics. With a unique blend of clinical excellence in general paediatrics and mental health, he provides holistic care for children across all stages of growth, from infancy through adolescence. His approach emphasises early diagnosis, preventive care, and individualised treatment strategies tailored to each child's physical, emotional, and developmental needs. Dr. Chaturvedi holds multiple esteemed qualifications, including an MBBS, DNB in Paediatrics, Diploma in Psychological Medicine, and a Diploma in Child Health from the Royal College of Paediatrics and Child Health, UK. This diverse academic background reflects his commitment to integrating physical and mental health care in paediatric practice. At Manipal Hospital Hebbal, he plays a vital role in managing paediatric and neonatal patients, including critically ill newborns and children in the Neonatal and Paediatric Intensive Care Units. He is also actively involved in academic training and guiding paediatric residents in clinical and developmental paediatrics. With a strong foundation in psychological medicine, Dr. Chaturvedi has specialised expertise in diagnosing and managing behavioural and neurodevelopmental disorders in children. His key areas of interest include autism spectrum disorder (ASD), attention-deficit hyperactivity disorder (ADHD), developmental delays, academic difficulties, and other behavioural issues. He offers compassionate counselling to children and families to support their emotional well-being and improve functional outcomes through evidence-based therapies. Dr. Chaturvedi manages various conditions in his general paediatric practice, including respiratory infections, gastrointestinal problems, allergies, immunisation, nutrition counselling, and growth monitoring. He also provides antenatal counselling for expectant parents and advocates early intervention in high-risk neonates to ensure healthy developmental trajectories. As a fellow of the Indian Academy of Paediatrics, Dr. Chaturvedi regularly engages in continuing medical education and remains current with global standards in paediatric care. His multidisciplinary approach and strong clinical acumen make him a trusted figure among parents and colleagues. Known for his calm demeanour and empathetic communication, he fosters a child-friendly environment where young patients feel safe, heard, and respected. Dr. Chaturvedi's clinical philosophy is anchored in family-centred care. He empowers parents with the knowledge and confidence to actively participate in their child's health journey and ensures that families receive timely, clear communication and practical guidance, especially during complex health concerns. Dr. Vijendra is fluent in English, Kannada, Tamil, and Hindi, which allows him to offer compassionate care to families from diverse linguistic and cultural backgrounds effectively.
