

DR. DEEPTI MANJUNATH

Chairman - Anaesthesiology

Qualification

MBBS | MD (Anaesthesiology -Gold Medalist) | DNB (Anaesthesiology) | Fellowship in Paediatric Anaesthesia (FIPA, RGUHS)

Overview

Dr. Deepti Manjunath is an experienced anaesthesiologist in Bangalore, currently practising as a Consultant - Anaesthesiology at Manipal Hospital Kanakapura Road, Bangalore. With over 10+ years of experience, Dr. Deepti brings a strong foundation of clinical expertise and academic excellence to the field of anaesthesia, specialising in adult and paediatric anaesthesia and perioperative care. She delivers safe, personalised, evidence-based care across a broad spectrum of surgical procedures. Dr. Deepti completed her MBBS, followed by an MD in Anaesthesiology, and further earned a DNB in Anaesthesia. Driven by a passion for paediatric care, she pursued a Fellowship in Paediatric Anaesthesia, which equipped her with advanced skills in managing the unique anaesthetic needs of children across all age groups, from neonates to adolescents. Her expertise includes general, regional, and sedation techniques tailored to paediatric patients' physiological and psychological needs. At Manipal Hospital Kanakapura Road, Dr. Deepti is critical in managing complex cases, including high-risk surgeries, organ transplant anaesthesia, perioperative care for elderly patients, and vascular access surgeries for dialysis. Her in-depth understanding of critical care and perioperative physiology ensures patients experience safe anaesthetic outcomes, even in challenging scenarios involving multiple comorbidities. Known for her calm demeanour and meticulous approach, Dr. Deepti prioritises patient comfort and safety throughout the perioperative journey. Dr. Deepti stays current with the latest protocols, safety standards, and clinical advancements. She has a strong academic inclination, having authored research publications in leading anaesthesiology journals. Her studies explore critical topics like 'Prevalence and Characteristics of Pain and Its Association with Quality of Life in Elderly', 'Anesthetic Management and Prevalence of Complications in Pediatric Upper Gastrointestinal Endoscopies', 'Perioperative Anaesthesia Management of Renal Recipients', etc. Apart from clinical duties, Dr. Deepti Manjunath has actively participated in and presented at national and regional conferences, including ISACON and IAPA, covering diverse subjects like frailty and postoperative outcomes in elderly patients and anaesthetic challenges in patients with complex cardiac and endocrine disorders. She is a dedicated member of the Indian Society of Anaesthesiologists, the Karnataka Medical Association, and the Indian Association of Paediatric Anaesthesiologists.

Fellowship & Membership

- Indian Society of Anaesthesiologists (D1525).
- Karnataka Medical Association (KMC Number - 101226).
- Indian Association of Paediatric Anaesthesiologists.

Talks & Publications

- Assessment of Prevalence and Characteristics of Pain and Its Association with Quality of Life in Elderly, JORA Pain (2019).
- Anaesthetic Management and Prevalence of Complications in Pediatric Upper Gastrointestinal Endoscopies, Journal of Anaesthesia and Clinical Research (2019).
- Perioperative Anaesthesia Management of Renal Recipients - A National Survey, Indian journal of anaesthesia (2023).
- Anaesthetic Management of a patient with Freeman Sheldon syndrome - A case report. IAPA Newsletter (2023).
- Management of a Case of Partially Retained Guidewire after Right Internal Jugular Vein Tunnelled Catheter Insertion, Karnataka Anaesthesia Journal (2024).
- Perioperative Outcomes in Vascular Access Surgery for hemodialysis - Our Experience, Indian Journal of Vascular and Endovascular Surgery (2025).
- Paper Presentations, Poster Presentations & Conferences/CMEs Attended - Speaker at Indian Society of Anaesthesiologists city chapter meet held at NU hospitals on Anaesthetic implications of Chronic Kidney Disease patients.
- Presented a paper on 'Prevalence of Frailty and its correlation with postoperative outcome in patients undergoing urological surgeries' at ISACON South Zone conference, Mysore (2023).
- Presented an e-poster on Anaesthetic Management and Prevalence of Complications in Paediatric Upper Gastrointestinal Endoscopies at Indian Association of Paediatric Anaesthesiologists Conference, AIIMS, New Delhi (2019).
- Presented the study Functional Status, Frailty and Depression as Predictors of Post-operative Outcome in the Elderly - Prospective Observational Study, under prize paper category at South Zone Conference (ISA - Trichy), Tiruchirappalli (2017).
- Presented the original study, Assessment Of Prevalence And Characteristics Of Pain In Geriatric Population, under the prize paper category at National Pain Conference (ISSPCON), Indore (2016).
- Podium paper presentation on Internal Jugular Venous Cannulation Comparison Of Anterior And Posterior Approach at National Anaesthesiology Conference (ISACON), Ludhiana (2016).
- Presented an e-poster on Anaesthetic Management of a Case of Pituitary Macroadenoma Posted for Endoscopic Transsphenoidal Excision with Lown Ganong Levine Syndrome at South Zone Conference (KISACON), Belagavi (2016).
- Presented an e-poster on Prevalence of Pain and its Association with Physical and Mental Health in Patients Visiting Geriatric Clinic in a Tertiary Care Hospital at National Anesthesiology Conference (ISACON), Ludhiana (2016).
- Participated in Perioperative Critical Care CME conducted by Narayana Multispeciality Hospital, Mysore (2016).
- Participated in a simulation workshop held at M.S. Ramaiah Medical College, Bangalore (2017).
- Participated in a simulation workshop held at Ganga Hospital, Coimbatore (2017).
