

DR. VEERESH PATAGE

Consultant - Orthopaedics

Qualification

MBBS | MS Orthopedics

Overview

Dr. Veeresh Patage is an highly skilled orthopaedic and joint replacement surgeon in Bangalore with over 10+ years of experience in managing trauma and joint replacement cases. He is currently practising as a Consultant - Orthopaedics at Manipal Hospital Kanakapura Road. His expertise lies in trauma surgeries, joint preservation, arthroplasty, and advanced fracture management. He specialises in performing primary and revision arthroplasty and joint replacements procedures for hip and knee joints using modern, minimally invasive surgical techniques. Dr. Veeresh Patage completed his MBBS from one of the prestigious government medical college, Karnataka Institute of Medical Sciences (KIMS), Hubli. Subsequently, he went on to a Master's degree - MS in Orthopaedics from the same institution. Dr. Patage pursued training in arthroplasty under Prof. Heiko Grachin at Askelepios Orthopaedic Clinic, Schwandorf, Germany. He is also trained in Robotic-assisted Arthroplasty in Singapore. His academic background laid a strong foundation for his surgical expertise, allowing him to manage complex orthopaedic cases with precision and care. Over the years, Dr. Patage has completed specialised training in AO-Trauma Course, both basic and advanced principles of fracture management, enhancing his skills in fracture fixation and surgical trauma care. His exposure to international standards of care and advanced orthopaedic techniques allows him to deliver excellent surgical outcomes for patients suffering from degenerative joint diseases, fractures, and sports-related injuries. His surgical interests include managing simple and complex trauma cases using advanced fixation techniques, performing primary and complex primary arthroplasty procedures for hip and knee joints, conducting revision arthroplasty to correct failed or previously implanted joint replacements, executing arthroscopic surgeries for minimally invasive treatment of knee and shoulder conditions, and providing specialised care for paediatric fractures with a focus on safe and effective recovery in children. Dr. Patage has been actively involved in academic activities throughout his career. He has participated in numerous Continuing Medical Education (CME) programs and orthopaedic conferences at the state and national levels. He also believes in patient education and ensures his patients are fully informed about their diagnosis, treatment options, and recovery plans. His goal is to restore mobility, reduce pain, and improve the quality of life for every patient under his care. At Manipal Hospital Kanakapura Road, Dr. Veeresh Patage provides personalised orthopaedic care in a state-of-the-art environment, integrating clinical excellence with advanced surgical technology. Whether you're recovering from an accident, dealing with arthritis, or need a joint replacement, Dr. Patage brings skill and commitment to every procedure.
