

DR. VISHWAKIRAN HANUMADAS JHAWAR

Associate Consultant - Neurology

Qualification

MBBS | MD - General Medicine | DrNB - Neurology

Overview

Dr. Vishwakiran Hanumandas Jhavar is an experienced neurologist in Bangalore. He is currently practicing as an Associate Consultant – Neurology at Manipal Hospital Kanakapura Road, Bangalore. With a strong foundation in general medicine and super-specialised training in neurology, Dr. Jhavar brings an evidence-based and compassionate approach to managing a wide range of neurological conditions, including stroke, epilepsy, dementia, Parkinson's disease, demyelinating disorders, and chronic headache syndromes. He is particularly known for his clinical acumen and diagnostic precision, especially in acute neurological care. Dr. Jhavar completed his MBBS from Mahadevappa Rampure Medical College, Kalaburagi, and went on to pursue his MD in General Medicine at Government Medical College, Surat. His keen interest in neurosciences led him to specialise further with a DrNB in Neurology from Narayana Health City, Bangalore. During his training, he demonstrated exceptional academic and clinical performance and was recognised as the best outgoing student in the Neurology department. Throughout his medical career, Dr. Jhavar has remained actively engaged in academic research and professional development. He has published a research paper in the International Journal of Medical Sciences and Advanced Clinical Research on the role of serum sodium levels as a predictor in acute decompensated heart failure. He is also a contributing author to the IAN Review Book—2024 edition in the Movement Disorders section, having written a chapter on "Treatable Movement Disorders." Dr. Jhavar's commitment to academic excellence is reflected in his poster presentations at prestigious national neurology conferences, including the National Pediatric Stroke Conference 2024. His clinical and academic achievements have earned him several accolades, including 1st prize for best poster at the BNS Meet and the National Pediatric Stroke Conference in 2024, and 2nd prize in the quiz competition at ECON 2023. Dr. Jhavar's expertise spans general neurology with a strong focus on stroke care, epilepsy management, movement disorders, and neurodegenerative diseases. His diagnostic and therapeutic approach includes comprehensive neurological assessments, patient education, and long-term management strategies tailored to each individual. He is particularly adept in handling acute neurological emergencies and offers patient-centred care that addresses both clinical outcomes and quality of life. Fluent in English, Hindi, Kannada, Gujarati, and Marwadi, Dr. Vishwakiran ensures effective communication with patients from diverse backgrounds. He is valued for his meticulous attention to detail, diagnostic clarity, and empathetic approach to patient care. At Manipal Hospital Kanakapura Road, he continues to contribute to the advancement of neurology while offering holistic, compassionate, and expert care.
