

DR. NIKHEEL PANSARE

Consultant - Robotic Joint Replacement & Sports Injury - Arthroscopy Surgeon

Qualification

MBBS | DNB (Ortho) | D'Ortho | MNAMS (Ortho) | MRCS (UK) | Fellowship in Joint Replacement & Reconstruction Surgery (France) | Fellowship in Arthroscopy & Sports Surgery (Germany)

Overview

Dr. Nikheel Pansare is a highly accomplished orthopaedic surgeon associated with Manipal Hospital, Kharadi, Pune. With over 18 years of clinical experience, he has established himself as a trusted expert in joint replacement, arthroscopy, and sports injury surgeries. He is particularly known for combining advanced surgical techniques with a compassionate, patient-first approach. Dr. Pansare completed his MBBS from B.J. Medical College, Pune, and pursued further specialisation with a Diploma and DNB in Orthopaedics. He holds the MRCS (UK) and MNAMS qualifications and has undergone advanced fellowships in joint reconstruction in France and arthroscopy in Germany. His academic and clinical training has shaped a practice that aligns with international standards in orthopaedic care. His areas of expertise include total and partial knee replacements, hip and shoulder replacements, ligament reconstructions (ACL/PCL), rotator cuff repairs, and minimally invasive fracture treatments. His meticulous surgical planning and precision-based interventions have helped numerous patients regain mobility and return to active lifestyles. At Manipal Hospital, Dr. Pansare is widely respected for his thorough diagnostic skills and his ability to clearly explain treatment pathways. He ensures each patient is well-informed and confident about their treatment and recovery journey. Whether managing complex trauma or routine orthopaedic issues, his dedication to patient well-being remains at the heart of his practice. Patients consistently acknowledge his professionalism, empathy, and detailed post-operative guidance. With his deep-rooted expertise and commitment to clinical excellence, Dr. Nikheel Pansare continues to be a leading figure in the field of orthopaedics in Pune, offering advanced and individualised care to all those he treats.
