

DR. MEENA PRASHANTH

Consultant - OBG

Qualification

MBBS | MS | DNB

Overview

Dr. Meena Prashanth is a well-known obstetrics and gynaecology (OBG) consultant who currently works at Manipal Hospitals in Malleshwaram, Bengaluru. Her strong academic background and wealth of clinical experience make her unique. She holds several qualifications, including an MBBS, an MS (Master of Surgery), and a DNB (Diplomate of National Board). As an OBG specialist, Dr. Meena always focuses on giving comprehensive and complete dedicated care to women throughout their pregnancy journeys. She specialises in reproductive disorders diagnosis and treatments, and also gives expert care during pregnancy from the start to the end stage. Dr. Meena provides various services by adopting a compassionate and patient-centred approach that ensures the well-being of her patients in all aspects. In addition to her obstetrics and general gynaecology skill, Dr. Meena Prashanth is a popular personality in Bengaluru for her ability to treat infertility. She assists couples who are having difficulty conceiving, and she does this by conducting thorough evaluations, identifying the underlying causes, and offering suitable treatment options. She also emphasises the value of screening and preventive healthcare. She is skilled at performing Pap tests (a screening procedure that identifies cervix abnormalities and aids in the early detection of cervical cancer). She carefully screens her patients to find the possibilities of STDs to ensure their overall reproductive health. Dr. Meena Prashanth is Bangalore best gynecologist. She is dedicated to staying up-to-date with advancements and new technologies in her field. She always shows interest in actively participating in various conferences, seminars, and workshops held in different cities. These events help her expand her knowledge, and she uses these events to learn about the most recent research findings and adopts best practices in gynaecology. She always believes that upgrading her knowledge and experience helps her give better care to her patients. So, beyond conferences and workshops, she is dedicated to learning and imparting knowledge. Dr. Meena Prashanth is fluent in languages like Kannada, Tamil, Hindi, and English. So, she can communicate clearly and thoroughly with her patients of all linguistic backgrounds. She knows the importance of effective communication in developing a solid patient-physician bond and fostering trust. Dr. Meena is the favourite of many patients and coworkers due to her wide knowledge, years of experience, and caring demeanour. She is a sought-after OBG consultant in Bengaluru because of her commitment to delivering individualised, scientifically supported treatment. Her knowledge and compassion help patients navigate their pregnancy journey with confidence. Patients seeking expert guidance in pregnancy management, reproductive disorders, and infertility can rely on her expertise and compassionate care.
