

DR. GAUTHAM J SHETTY

Consultant - Plastic Reconstructive Microvascular & Cosmetic Surgery

Qualification

MBBS | MS (General Surgery) | MCh (Plastic & Reconstructive Surgery)

Overview

Dr. Gautham J. Shetty is a distinguished Consultant Plastic Surgeon currently serving at the Department of Plastic & Reconstructive Surgery and Cosmetic Surgery at KMC Hospital Mangalore. With an illustrious educational background, Dr. Shetty holds an MBBS degree, followed by an MS in General Surgery and a prestigious MCh in Plastic & Reconstructive Surgery. He is the best plastic surgeon in Mangalore. During his MBBS at K.S. Hegde Medical Academy, Mangalore, Dr. Shetty excelled, showcasing a deep commitment to diverse medical disciplines during his internship. His versatility was evident in managing medical emergencies, conducting deliveries, performing surgical procedures, and overseeing public health initiatives in rural settings. In pursuit of excellence, Dr. Shetty pursued an MS (General Surgery) at A.J. Institute of Medical Sciences, Mangalore. As a postgraduate trainee, he actively contributed to undergraduate education, presented seminars, and gained invaluable experience in trauma and emergency care. Specializing further, Dr. Shetty completed his MCh in Plastic and Reconstructive Surgery, demonstrating expertise in craniofacial surgery, maxillofacial trauma reconstruction, onco-reconstruction, burn care, hand surgery, microvascular surgery, and aesthetic procedures. His dedication extended to presenting papers and E-posters at national conferences, such as APSICON, showcasing his proficiency in mutilating hand injuries, vascular malformations, and diverse reconstructive surgeries. Dr. Shetty's commitment to academic and clinical excellence is underscored by his research project on amniotic membrane dressing and numerous publications, including an article in the indexed journal. Actively participating in conferences, workshops, and CMEs, he has continually updated his skills, contributing to advancements in plastic and reconstructive surgery. As an organizer of WOUNDCARECON 2018 and BRACHIALCON 2017, Dr. Shetty has demonstrated leadership in promoting knowledge exchange. His participation in workshops like the ISSH basic hand surgery course and international conferences like WSRM-2015 reflects a commitment to staying at the forefront of his field. Dr. Gautham J. Shetty brings a wealth of knowledge, skill, and dedication to KMC Hospital, embodying a commitment to excellence in Plastic & Reconstructive Surgery.
