

DR. DEEPTI D'SOUZA

Consultant - Dermatology

Qualification

MBBS | MD - Dermatology

Overview

Dr. Deepti D'souza is a highly qualified and experienced dermatologist currently practising at the Department of Dermatology at KMC in Mangalore. With over 12 years of experience, she is dedicated to providing comprehensive and compassionate care for patients of all ages. She is the Best Skin Specialist in Mangalore. Dr. D'souza holds an MD in dermatology from Father Muller Medical College, Mangalore, and an MBBS from K S Hegde Medical Academy. Her passion for the field extends beyond clinical practice; she actively contributes as a UG and PG teacher, fostering the next generation of dermatologists. Also, her involvement in clinical trials as a sub-investigator demonstrates her commitment to advancing the field through research. Dr. D'souza's areas of interest encompass a broad spectrum of dermatology. She possesses in-depth knowledge and experience in: Clinical Dermatology: Which includes diagnosis and treatment of various skin conditions, such as acne, eczema, and rosacea; Pediatric Dermatology: Providing specialized care for the unique skin concerns of children; Atopic Dermatitis: Management of this chronic, inflammatory skin condition; Psoriasis: Offering effective treatment options for this common autoimmune skin disease; Cosmetology: Helping patients achieve their desired aesthetic goals through non-surgical procedures. Dr. D'souza's dedication is reflected in her numerous awards and achievements. Notably, her case report on Antiphospholipid antibody syndrome won 1st Prize at CUTICON 2014. Further demonstrating her knowledge, she secured 2nd place in a state-level dermatology quiz at CUTICON 2014 (Bijapur). Her passion for continuous learning led her to attend the World Congress of Dermatology in Singapore (2023) with the support of a WCD Scholarship. Her leadership qualities are evident as she served as Secretary of the Karavali Dermatology Society in 2023. Dr. D'souza's ability to communicate effectively in English, Kannada, Konkani, Hindi, and Malayalam fosters a comfortable and inclusive environment for patients from diverse backgrounds.
