

DR. DISHITHA SHETTY

Consultant - Surgical Oncology

Qualification

MBBS | MS General Surgery | DrNB Surgical Oncology

Overview

Dr. Dishitha serves as a Consultant of Surgical Oncology at KMC Hospitals in Mangalore. She is highly qualified, having earned her MBBS from JJM Medical College and Hospital in Davangere and a Master of Surgery (MS) in General Surgery from Sri Dharmasthala Manjunatheswara Medical College and Hospital in Dharwad. Her specialisation in surgical oncology was solidified with a Diplomate of National Board (DrNB) from Ruby Hall Clinic in Pune, Maharashtra. Dr. Dishitha's surgical expertise covers the surgical treatment and resection of various kinds of cancers. She is highly skilled in treating head and neck cancers, including those of the thyroid, larynx, and oral cavity. Her proficiency also extends to the surgical management of lung and mediastinal tumours and gastrointestinal cancers. Additionally, she has specialised expertise in treating gynaecological cancers, particularly those affecting the endometrium, ovary, and cervix. Beyond these areas, Dr. Dishitha is an expert in breast cancer surgery and oncoplasty, as well as the treatment of bone and soft tissue tumours. She is also proficient in advanced techniques like managing peritoneal surface malignancies (cancers affecting the organs of the peritoneal cavity) using hyperthermic intraperitoneal chemotherapy (HIPEC). A key part of her skill set is performing minimally invasive procedures, such as laparoscopic methods and video-assisted thoracoscopic surgery (VATS), which often lead to faster recovery times for patients.
