

DR. AMRITHLAL A MASCARENHAS

Consultant - Spine Surgery

Qualification

MBBS | MS - Ortho | FNB (Spine Surgery) | Fellowship in Minimally Invasive Spine Surgery

Overview

Dr. Amrithlal A. Mascarenhas is a highly professional and skilled spine health care provider currently associated with Manipal Hospitals, Millers Road in Bengaluru, India. With an impressive listing of qualifications and memberships, he is an expert in his subject. Dr. Mascarenhas holds an MBBS degree and MS in Orthopedics. He also specialised in Spine Surgery, finishing his FNB (Fellowship in Spine Surgery) and a Fellowship in Minimally Invasive Spine Surgery. His commitment to continuous learning and professional improvement is obvious through his diverse fellowship and club affiliations. He is a member of several esteemed businesses, like the Medical Council of India, the Association of Spine Surgeons of India, the Karnataka State Orthopaedic Association, the Spinal Cord Society of India, the International Spinal Cord Society, AO Spine International, the Indian Orthopaedic Association, and the Bangalore Orthopedic Society. Dr. Amrithlal is one of the best spine surgeons in Millers Road. Dr. Mascarenhas is proficient in multiple languages, permitting him to talk efficaciously with patients. He is fluent in English, Kannada, Konkani, Tulu, and Hindi, which allows him to offer personalised care and clear reasons to individuals from various backgrounds. Dr. Mascarenhas has been recognised for his contributions and achievements throughout his profession. In 2008, he was awarded the KOA Travelling Fellowship, and he has acquired more than one satisfactory poster award for his shows on the lumbar intervertebral disc, vertebral fractures, and backbone surgical operation-associated headaches. His research and courses have been featured in prestigious journals like the Indian Spine Journal, Asian Spine Journal, and European Spine Journal. Dr. Mascarenhas actively shares his know-how and expertise with fellow medical specialists. He has delivered talks and displays at several meetings, seminars, and workshops across India, overlaying various subjects related to spine surgical procedures, including spinal tuberculosis, degenerative scoliosis, spine trauma management, and osteoporotic backbone surgical procedures. With his widespread experience and information, Dr. Mascarenhas specialises in spine surgical operations, focusing on the prognosis and treatment of numerous spinal situations. He is well versed in traditional and minimally invasive strategies, ensuring that his patients get hold of the most appropriate and superior care. Patients under the treatment of Dr. Mascarenhas can count on a compassionate and personalised method. He combines his technical competencies with a humble mindset, to ensure that everyone receives the highest well-known care during their remedy journey. Dr. Amrithlal A. Mascarenhas is a reputable spine surgeon who continues to make significant contributions to the sector. His willpower to improve affected person consequences and his dedication to advancing spine surgery techniques have earned him the agreement and recognition of each of his patients and co-workers.
