

DR. SANJOY BASU

Senior Consultant and Clinical Lead - Department of Medical Gastroenterology

Qualification

MBBS | MRCP (London) | FRCP (Edin) | PG Diploma in Gastroenterology

Overview

Dr. Sanjoy Basu is a renowned gastroenterologist and interventional endoscopist at Manipal Hospitals, Mukundapur, with over 23 years of medical experience, including 12 years of specialised expertise in Gastroenterology and Interventional Endoscopy. After completing his MBBS in India, Dr. Basu pursued a postgraduate diploma in Gastroenterology from Queen Mary University of London, graduating with distinction. His academic excellence earned him membership in the Royal Colleges of Physicians (MRCP) in London and Edinburgh, significant milestones in his illustrious career. Dr. Basu is an examiner at the MRCP, London, which reflects his esteemed standing in the medical community. He is the best Gastroenterology Doctor in Mukundapur, Kolkata. Dr. Basu's dedication to his field was further recognised through the prestigious Fellowship of the Royal College of Physicians (FRCP) of Edinburgh. He honed his skills during nine years of rigorous training in London, specialising in Gastroenterology, Interventional Endoscopy, and General Medicine. Known as the best Gastroenterology Doctor in Mukundapur, Kolkata, Dr. Basu also extends his services to Bangladeshi patients, strengthening his commitment to providing exceptional care across borders. Dr. Basu is proficient in advanced techniques and holds international certifications from esteemed organisations. These include the UK-based Joint Advisory Group (JAG) for diagnostic and therapeutic GI Endoscopy and Ecosense in Paris for Capsule Endoscopy, BRAVO technique, and diagnostic Elastography (Fibroscan). Additionally, he possesses expertise in endosonography, enhancing his diagnostic capabilities and patient outcomes. Dr. Basu's extensive experience covers a wide range of gastroenterological conditions, including peptic ulcer disease, non-ulcer dyspepsia, irritable bowel syndrome, and inflammatory bowel disease. He is also an expert in managing hepatobiliary diseases such as viral hepatitis, non-alcoholic fatty liver disease (NAFLD), and alcoholic liver disease. His comprehensive approach ensures holistic care for both inpatients and outpatients. Dr. Basu is fluent in Hindi, English and Bengali, and creates an empathetic and approachable environment for his diverse patient base. His unwavering dedication to patient well-being has solidified his reputation as a leading consultant in Gastroenterology and Hepatology.
