Overview

Dr Nitin S. Shetty is a well-known and compassionate physician. He has influenced many eye problems that are diagnosable, treated, and managed today. He is also an expert on treating uveitis, retinopathy (ROP) and retinopathy. Dr Nitin S Shetty is a well-known and successful ophthalmologist. He is a consultant at Retina Services in Ophthalmology and HOD at Old Airport Road in Bangalore. He got his Vitreo-Retina fellowship at Chennai's Sankara Nethralaya Medical Research Foundation. Since then, he has worked with quite a few organisations. Some of these include the Vitreo Retina Society of India and the American Academy of Ophthalmology. Dr Shetty's key specialities include the medical retina, surgical retina, and uveitis. His expertise includes diagnosing, caring for, and treating retinal problems. These include diabetic retinopathy, age-related macular degeneration, retinal vein occlusions, and drug toxicity. Dr Shetty is a surgeon who performs vitreoretinal procedures for various retinal issues. This involves eye injuries, vitreous haemorrhage and retinal detachments. He also has the skills and knowledge necessary to analyse, identify and treat a variety of uveitis situations. This includes frontal, intermediate, and posterior uveitis. For comprehensive patient care, he works with pulmonologists and rheumatologists. No wonder is considered a highly acclaimed ophthalmologist in Bangalore. Dr Nitin S. Shetty is fluent in English, Hindi, Kannada, Marathi, and Tulu. This allows him to connect with and communicate with various patients. The doctor has had extra training in screening, laser, and surgical treatment of retinopathy of prematurity (ROP). He also has a particular interest in hereditary retinal diseases. From 1994-2003, he served as Vitreo-retinal and uveitis consultant at his alma mater. He was awarded his college's VT Joshi Award for Best Outgoing Fellow. He also cleared his MBBS in Ophthalmology with distinction. He also published books on Fluorescein Angiography and contributed chapters in several publications. He is frequently invited as a guest speaker at various state, national, and international conferences. He was a visiting scholar at the Chinese University of Hong Kong from 1999-2000. Dr Shetty is an excellent medical professional. As a result, he has made remarkable contributions to the field. His extensive understanding of uveitis, ROP, surgical and medical retina, and ophthalmic surgery allows him to offer his patients the best possible care. Dr Nitin Shetty continues to have a tremendous impact on the lives of the individuals he treats by using a caring approach and a dedication to developing the field. His commitment allows him to provide excellent patient care because of his comprehensive experience and knowledge.
