

DR. RAJINDER KUMAR GOYAL

Senior Consultant - General Surgery

Qualification

MBBS | MS-General Surgery | FIAGES | FAIS

Overview

Dr. Rajinder Kumar Goyal is a well-known general surgeon in Patiala. He has years of experience in the field and has successfully treated patients with minor and major complications. He conducts thorough clinical examinations and diagnostic evaluations to create a personalised treatment plan that offers comprehensive care and faster healing. He uses laboratory tests and imaging studies (ultrasound, CT, MRI, X-rays) to determine the root cause of the disease. Dr. Rajinder is an expert at diagnosing surgical conditions such as: Appendicitis, hernia, gallstones, piles, fistulas, abdominal trauma, Thyroid nodules, breast lumps, varicose veins, and Gastrointestinal diseases (e.g., perforations, obstructions). He is skilled at performing open and minimally invasive surgeries, including: Appendectomy, cholecystectomy, hernia repair, Hemorrhoidectomy, fistulotomy, thyroidectomy, Mastectomy, varicose vein surgery, laparotomy, and bowel resection. Dr. Rajinder ensures adherence to sterile techniques and patient safety in the operating room. He provides pre-operative counselling and consent to patients and families. Dr. Rajinder also addresses all the concerns a patient may have regarding the disease or the treatment procedure, so that they can make an informed decision. He monitors patient progress, manages surgical complications, and ensures proper wound care and pain management. Dr. Rajinder is a strong-minded and calm individual who is capable of handling emergency surgical cases such as intestinal perforation, acute abdomen, bleeding ulcers, or traumatic injuries. Dr. Rajinder coordinates care with anesthesiologists, radiologists, pathologists, and other specialists if the case demands a multi-disciplinary approach. He maintains detailed operative notes, patient records, and discharge summaries. Dr. Rajinder adheres to hospital protocols, infection control, and quality assurance standards. He also participates in the CMES and the events that discuss the advancements in his field, trends across the globe and technology.
