

DR. DIBYA PRABHA

Consultant - Ophthalmology

Qualification

MBBS (Obstetrics & Gynaecology) | MS (Ophthalmology)

Overview

Dr. Dibya Prabha is a dedicated and very diligent Vitreo-Retina Consultant in Ranchi with a focused expertise in the diagnosis and treatment of difficult retinal and vitreous diseases. She comes along with a strong academic background mixed with real-world clinical experience, rooted in the passionate intent of improving patients' vision and quality of life. She had her MBBS from a Medical College, Jamshedpur, where she not only studied but also bagged the Gold Medal in Obstetrics and Gynaecology, an early achievement proving her dedication and evident knack for medicine. Having been well-grounded thus, she went on to pursue an MS in Ophthalmology from a renowned institute of Medical Sciences, Ranchi, and to further specialise, she went on to earn the Fellowship of the International Council of Ophthalmology (FICO), a symbol of her advanced competency and commitment to world-class eye care. Dr. Prabha refined her speciality through an intensive fellowship in Vitreoretinal Diseases at the prestigious Eye Institute in Hyderabad, where she trained in state-of-the-art techniques and treatments. She also completed a fellowship in cataract surgery, broadening her surgical expertise. Her clinical interests span a wide spectrum of retinal disorders, including retinopathy of prematurity (ROP), diabetic retinopathy, retinal detachment, age-related macular degeneration, endophthalmitis, uveitis, and posterior segment trauma. Her compassionate approach ensures each patient receives personalised care tailored to their condition. Committed not only to clinical excellence but also to the advancement of ophthalmology, Dr. Prabha has authored multiple peer-reviewed publications and frequently presents her research at both state and national ophthalmology conferences. She is an active member of respected medical bodies such as the All India Ophthalmological Society (AIOS), the Vitreo-Retina Society of India (VRSI), and the Jharkhand Ophthalmological Society (JHOS). Through these platforms, she continuously contributes to educational forums and stays engaged with the latest developments in her field. Dr. Dibya Prabha is said to be a patient and loving practitioner with great teaching skills and a drive for research and development in retina care in India, with English and Hindi fluency to boot. Her approach combines the latest medical advances with genuine human connection, helping patients navigate their eye health journey with confidence and hope.

Fellowship & Membership

- Fellowship in Vitreoretinal Diseases – L V Prasad Eye Institute (LVPEI), Hyderabad.
- Fellowship in Cataract Surgery.
- FICO – Fellowship of the International Council of Ophthalmology (International Certification).

Field of Expertise

- Vitreo-Retinal Diseases – Comprehensive diagnosis and management of retinal and vitreous disorders.
- Retinal Imaging & Diagnostics – Expertise in OCT, FFA, Fundus Photography, B-Scan Ultrasonography.
- Retinopathy of Prematurity (ROP) – Screening, laser treatment, and long-term monitoring of premature infants.

- Diabetic Eye Disease – Medical and surgical management of diabetic retinopathy and diabetic macular edema.
- Retinal Detachment – Scleral buckling, vitrectomy, and advanced surgical repair.
