

DR. BARUN CHAKRABARTI

Consultant - Gynecology & Obstetrics

Qualification

MD (Gyn & Obs, Cal) | FICOG

Overview

Dr. Barun Chakrabarty is a distinguished Senior Consultant in Obstetrics and Gynaecology, widely respected for his clinical expertise, surgical precision, and patient-centric approach. With decades of experience in managing both routine and high-risk pregnancies, gynaecological disorders, and advanced laparoscopic procedures, Dr. Chakrabarty has become a trusted name in women's healthcare. He is known for offering personalised care, backed by deep medical knowledge and compassionate guidance, making him a preferred choice among patients seeking comprehensive obstetric and gynaecological services. Dr. Chakrabarty completed his MBBS and went on to pursue an MD in Obstetrics and Gynaecology, receiving rigorous training in both general and specialised areas of the field. His academic background, combined with years of hands-on experience, enables him to handle a wide spectrum of cases — from antenatal care and normal deliveries to managing complicated pregnancies, infertility issues, menstrual irregularities, and gynaecological cancers. He is especially skilled in performing minimally invasive surgeries such as laparoscopic hysterectomies, myomectomies, ovarian cystectomies, and diagnostic hysteroscopies, ensuring faster recovery and reduced complications for patients. He is the best gynaecologist in Kolkata. One of Dr. Chakrabarty's key strengths lies in managing high-risk obstetric cases involving gestational diabetes, hypertension, multiple pregnancies, and preterm labour. He adopts a collaborative and evidence-based approach, often working closely with neonatologists, endocrinologists, and other specialists to ensure the best outcomes for both mother and baby. His commitment to safe motherhood is reflected in his careful monitoring, timely decision-making, and emphasis on informed patient participation throughout the pregnancy journey. Beyond his clinical expertise, Dr. Chakrabarty is actively involved in academic discussions, medical training, and public awareness programs related to women's health. He regularly attends national and international conferences to stay abreast of evolving trends and technologies in the field. Patients appreciate his clear communication, patience in addressing concerns, and genuine involvement in their health and well-being. He believes in empowering women through education and proactive health screenings, encouraging preventive care to detect and address issues early. As a key member of the Obstetrics and Gynaecology team at Manipal Hospital Salt Lake, Dr. Barun Chakrabarty continues to uphold the highest standards of care. His dedication, surgical acumen, and holistic approach make him a pillar of strength for countless women navigating their health journeys with confidence and reassurance.
