

DR. AMITAVA CHAKRABORTY

Consultant - General Surgery

Qualification

MBBS | MS

Overview

Dr. Amitava Chakraborty is a highly experienced General and Laparoscopic Surgeon with 37 years of clinical expertise in the field of surgical care. He holds an MBBS from Bankura Sammilani Medical College & Hospital (1988) and an MS in General Surgery from Gauhati Medical College, Guwahati (1995). Over the years, Dr. Chakraborty has developed specialised skills in laparoscopic hernia repair, achalasia cardia treatment, colorectal surgeries, as well as metabolic and bariatric procedures. His surgical precision, patient-first approach, and deep clinical knowledge make him one of the most trusted names in the surgical community in Kolkata. Dr. Chakraborty is currently a Consultant General Surgeon at Manipal Hospitals, Saltlake. His long-standing commitment to quality surgical care is reflected in the positive feedback from thousands of patients and peers. He combines advanced minimally invasive techniques with a compassionate approach, ensuring optimal recovery and minimal discomfort for his patients. He is the best General Surgeon in Salt Lake, Kolkata. In his pursuit of surgical excellence, Dr. Chakraborty regularly participates in national and international conferences, workshops, and training programs to stay updated with the latest advancements in laparoscopic and gastrointestinal surgery. His areas of expertise include complex abdominal surgeries, laparoscopic hernia repair, gallbladder surgeries, and gastrointestinal oncology. Known for his meticulous surgical technique and calm demeanour in the operating room, he consistently delivers successful outcomes even in high-risk cases. Patients appreciate his transparent communication, compassionate approach, and thorough pre- and post-operative care. Dr. Chakraborty also contributes to academic forums, mentoring young surgeons and promoting evidence-based practices in surgical care. He is also involved in community health initiatives aimed at spreading awareness about gastrointestinal health and early detection of digestive disorders. His commitment to ethical practice and patient-centric care has earned him the trust and respect of both his peers and the broader medical community. Dr. Chakraborty's holistic approach ensures that each patient receives not only advanced surgical treatment but also personalised guidance for long-term health and recovery.
