

S. IMMANUEL PAUL VINOD

HOD/Manager - Physical Medicine and Rehabilitation

Qualification

MPT (PhD) | PGDHHM | PGDFM

Overview

Immanuel Paul Vinod S is a seasoned healthcare professional in Bangalore with nearly two decades of experience in hospital and healthcare management. He is currently serving as the Manager of Physical Medicine and Rehabilitation, Radiology, and Patient Safety at Manipal Hospital Sarjapur Road, Bangalore. With comprehensive expertise in managing multidisciplinary departments, he is committed to operational excellence, patient safety, and quality improvement in healthcare delivery. Immanuel holds a Master's in Physiotherapy (MPT) from K.G. College of Physiotherapy, affiliated with Dr. M.G.R. Medical University, and a Bachelor's in Physiotherapy (BPT) from K.M.C.H. College of Physiotherapy. He has also completed advanced certifications, including a Postgraduate Diploma in Hospital and Health Management (PGDHHM), a Certificate in Hospital Management and Health Analytics from IIM Kozhikode, and a Postgraduate Diploma in Finance Management (PGDFM). These qualifications reflect his strong foundation in both clinical expertise and hospital administration. Immanuel excels in overseeing operations across rehabilitation services, including physiotherapy, occupational therapy, speech therapy, and prosthetics and orthotics. His experience includes strategic program planning, clinical program development, cost analysis and containment, team leadership, and P&L budgetary planning. He is a patient safety officer actively implementing hospital-wide protocols to enhance care delivery and reduce risks. Additionally, he specializes in analytics and quality improvement initiatives, leveraging tools such as R programming and Power BI for healthcare data analysis. Immanuel held leadership positions where he successfully managed rehabilitation departments and contributed to business development, financial planning, and operational efficiency. His academic contributions include lecturing and mentoring future healthcare professionals, reinforcing his dedication to advancing healthcare knowledge. Immanuel has published multiple research papers in journals such as the International Journal of Scientific Research and the Indian Journal of Applied Research, focusing on topics like cardiac rehabilitation, patient safety, and workforce management. His research-driven approach aligns with his commitment to improving healthcare outcomes through evidence-based practices. Immanuel's patient-centric leadership ensures seamless coordination with multidisciplinary teams, fostering trust and collaboration. Fluent in English and equipped with effective communication skills, he bridges gaps between patients, caregivers, and healthcare providers, ensuring a holistic approach to care.
