

DR. VAMSI KRISHNA I Y

Associate Consultant - Neurosurgery

Qualification

MBBS | DrNB (NBEMS, New Delhi) Doctorate of National Board in Neurosurgery.

Overview

Dr. Vamsi Krishna I Y is a distinguished and highly experienced neurosurgeon with over 10 years of dedicated practice. He is currently practising as an Associate Consultant - Neurosurgery at Manipal Hospitals, Sarjapur Road, Bengaluru. His academic background includes an MBBS from Sri Venkateshwara Medical College, Tirupathi, and a Doctorate of National Board in Neurosurgery (DrNB) from Yashoda Super Speciality Hospitals, Secunderabad. His commitment to excellence and extensive experience in neurosurgery position him as a leader in intricate interventions concerning the nervous system. He specialises in a wide range of complex surgical procedures, including trauma surgeries, ACF procedures for CSF rhinorrhea, decompressive craniotomies, VP shunts, and pediatric and adult tumour surgeries. Dr. Krishna also has a keen interest in skull base, spinal, vascular aneurysm clipping, endoscopic, and tumour excision procedures. He utilises advanced technologies to ensure precision in his procedures and is known for his consistently successful outcomes and comprehensive approach to patient care. Beyond his clinical practice, he actively contributes to the education of future neurosurgeons. Dr. Vamsi Krishna is fluent in Telugu, English, Hindi, Tamil, and Kannada, which allows him to provide clear and compassionate care to a diverse patient base.
