

DR. MAHASWETA CHOUDHURY

Consultant - Accident & Emergency Care

Qualification

MBBS | DNB (Emergency Medicine)

Overview

Dr. Mahasweta Choudhury is a highly experienced Consultant in Accident & Emergency Care based in Manipal Hospital Sarjapur Road, Bangalore, with a strong commitment to managing critical cases and trauma with efficiency and compassion. She is currently practicing as a Consultant – Accident & Emergency Care at Manipal Hospital Sarjapur Road, Bangalore. She possesses extensive experience in handling various medical and surgical emergencies, including Trauma, Cardiac, and Pulmonary emergencies, across all age groups. She has laid her foundation for excellence post her graduating with an MBBS from Government Medical College, Tripura. She has also pursued specialized training and obtained her DNB in Emergency Medicine in Bangalore. Following her specialty training, she gained invaluable teaching and clinical experience, through her role as a Senior Resident and later as an Assistant Professor for over 5 years, where she was associated with both undergraduate and postgraduate training programs. Her field of expertise is focused on critical life-saving procedures and rapid diagnosis in high-pressure situations. Dr. Mahasweta is highly skilled in Cardiac Emergencies, Accident and Trauma Resuscitation, POCUS (Point-of-Care Ultrasound), and Resuscitation and Procedural Sedation. She holds certifications as an ACLS and BLS instructor, further demonstrating her proficiency in advanced life support. Dr. Mahasweta is well trained and has the ability to provide care to a vast variety of patients, with a particular passion for Accident and Trauma care. Her research interests in Emergency Medicine include quality management projects in NIV (Non-Invasive Ventilation) and Airway management, and improving triage systems. She actively contributes to academic discourse, having authored publications on acute coronary syndrome and pain management in peer-reviewed journals. Dedicated to continuous professional engagement, she is a member of both the Emergency Medicine Association of India (EMA) and the Society of Emergency Medicine Association of India (SEMI). She has also been recognized for her academic excellence as a Gold Medalist in Pharmacology and a CPC Faculty winner in Aemecon 2025. Fluent in English, Hindi, Bengali, and Kannada, Dr. Mahasweta ensures effective and reassuring communication with diverse patient populations during critical times.
