

DR. DHARANI BAI S

Consultant - Fetal Medicine

Qualification

MBBS | MD(OBG)

Overview

Dr. Dharani Bai S is a renowned doctor based in Bangalore with expertise in fetal medicine, gynaecology, and obstetrics. She currently works as a Consultant in Foetal Medicine at the Manipal Hospital in the Whitefield area of Bangalore. She has worked at various hospitals for 21 years and has gained rich experience there. She is highly educated in the medical field with degrees like MBBS and MD (OBG). She runs her Oyster Multispeciality Clinic and provides advanced ultrasound services, endometrial biopsy, and sono-mammogram facilities to her patients. She has worked extensively in the field of fetal medicine as well. Dr. Dharani has worked in various areas of gynaecology, like nuchal translucency scans, infertility issues, and treating urinary incontinence. She did her MD from the Kurnool Medical College in the year 1996 in the field of Obstetrics and Gynaecology. She also has a membership of the Medical Ultrasound Society of Karnataka, also known as MUSK. She has worked as a Consultant Gynaecologist at the Morning Star Medical Centre in Adimali, Kerala, for one year. Dr. Dharani is the best perinatologist in Whitefield, Bangalore. Dr. Dharani Bai did her MBBS from the Kurnool Medical College in 1992. She won a gold medal in pathology during her college days. She has gained experience performing various ultrasounds related to Obstetrics and Gynaecology, like 3D and 4D ultrasounds. She worked at the HAL Hospital as a Consultant Gynaecologist for almost 8 years. She has done an ISUOG-certified training course in Advanced Obstetric Ultrasound. She participates in the events held by the Bangalore Society of Obstetrics & Gynaecology as an active member. She is skilled in performing ultrasonography and other scans and has worked as a Consultant Gynaecologist at the Chinmaya Mission Hospital and the Cloudnine Hospital in Bangalore for a while. She has researched detecting cancer well within time in female patients. She has a membership in the Federation of Obstetric and Gynaecological Societies of India and is a member of the fetal medicine team of Manipal Hospitals in Bangalore. Dr. Dharani has worked in the area of antenatal care along with obstetrics and female infertility. She has received training in various obstetric ultrasonography methods. She is a member of the International Society Of Ultrasound In Obstetrics. She has experience doing gynaecology-related procedures through laparoscopy. Dr. Dharani is experienced in consulting patients about their gynaecological health issues, infertility, nutrition during pregnancy, etc. She is also a member of the Society of Foetal Medicine and has been active for years.
