

DR. DIVYA IDAMAKANTI

Consultant - Internal Medicine

Qualification

M.B.B.S | M.D - Internal Medicine | Masters of Medicine - Internal Medicine (University of Sydney - Australia)

Overview

Dr. Divya Idamakanti is an accomplished Consultant - Internal Medicine who holds more than 10 years of experience in the field. She graduated from the prestigious Osmania Medical College in Hyderabad, after which she pursued post-graduation in Internal Medicine. Later Dr. Divya migrated to Australia where she worked for 7 years and gained huge experience in evidence-based management. During this time, she also completed a Master of Medicine in Internal Medicine from the University of Sydney in Australia, expanding her knowledge and expertise in the discipline. She is also a fellow of the Karnataka Medical Council. Dr. Divya Idamakanti has a wide range of expertise in various areas of Internal Medicine. Her specialization includes the management and treatment of conditions such as diabetes, hypertension (high blood pressure), and cardiovascular and metabolic diseases. She is well-versed in handling chronic medical conditions and age-related comorbidities, providing comprehensive care to patients dealing with multiple health concerns simultaneously. In addition, Dr. Divya possesses extensive knowledge and experience in infectious diseases. She is skilled in diagnosing and treating various infectious conditions, ensuring appropriate management and prevention strategies are implemented. Her expertise also extends to managing allergies, asthma, and chronic lung conditions, offering patients personalized treatment plans to alleviate symptoms and improve their quality of life. The doctor also has a deep understanding of endocrine disorders, including thyroid diseases and other hormonal imbalances. Her commitment to providing exceptional care with an emphasis on preventive measures and health management makes her one of the best internal medicine doctors in Bangalore.
