

DR. PARITOSH PANDEY

Consultant - Neurosurgery

Qualification

MBBS | M. Ch | Fellowship at Endovascular Neurosurgery Detroit, USA | Fellowship at Cerebrovascular and Skull Base Surgery, Stanford, USA

Overview

Dr. Paritosh Pandey is a renowned Consultant in Neurology and a certified Stroke Specialist who is currently associated with the Manipal Hospitals, Old Airport Road, Bengaluru. Dr. Paritosh Pandey has dedicated his professional life to providing the best possible treatment to patients with epilepsy. In the field of neurosurgery, Dr. Paritosh Pandey has earned praise for his impressive academic credentials and extensive professional experience. Dr. Pandey holds an MBBS degree from the prestigious All India Institute of Medical Sciences (AIIMS), New Delhi. and Neurosurgeon (M.C. Neurosurgery). He furthered his knowledge by pursuing fellowships and advanced training in the US due to his enthusiasm for neurosurgery. He completed fellowships in brain and cranial base surgery at Stanford University in the United States and endovascular neurosurgery at Wayne State University in Detroit, Michigan. Dr. Paritosh Pandey provides many different services at Manipal Hospital, such as carotid cavity fistula treatment, leg drop treatment, petrosal sinus sampling, carotid body tumour embolisation, head and neck surgery embolisation, spinal brain tumour embolisation, cerebral and arteriovenous including fistula embolisation, brain dural artery fistula embolisation, deep brain stimulation, and canal repositioning. His extensive training, in-depth knowledge, and unwavering commitment to the advancement of neurosurgery have brought him justly deserved praise and appreciation. Dr. Paritosh is the best brain surgeon in Bangalore. Dr. Pandey's dedication to neurosurgery is exemplified by his rigorous pursuit of knowledge, sophisticated research tools, and active involvement in professional organisations through research and writing published in more than 75 journals (peer-reviewed), including the Neurological Society of India. Along with his professional accomplishments, Dr. Paritosh Pandey also speaks Hindi and English well, which helps him communicate with his patients effectively. His ability to communicate in several languages enables him to give individualised treatment and establish trusting bonds with his wide range of patients. Dr. Pandey's membership in numerous organisations and professional associations, such as the Congress of Neurological Surgeons, Cerebrovascular Society of India, Neurosurgical Society of India, Indian Society of Pediatric Neurosurgery, and Karnataka Neurosciences Academy in Bangalore, demonstrates his commitment to the field. His fellowships and ongoing participation in these organisations show his dedication to staying at the forefront of neurosurgery and stroke treatment. Dr. Paritosh Pandey has gained considerable knowledge in several areas of neurosurgery during his career. He has demonstrated his proficiency in difficult surgical operations and is regarded as one of India's most experienced surgeons in brain excision. Additionally, he stands out as one of the few neurosurgeons with a thorough experience in open vascular surgery and vascular radiotherapy thanks to his training in these procedures. In addition to his great medical abilities, Dr. Paritosh Pandey's patients gain from his kind demeanour. To give individualised treatment regimens, he works hard to comprehend each patient's particular needs. His commitment to his patients and professional proficiency has helped him establish a well-deserved reputation as a dependable and caring neurosurgeon.
