

DR. VIKRAM G D

Consultant - Urology

Qualification

MBBS | MS (General Surgery) | DNB (Urology)

Overview

Dr. Vikram G D is a highly skilled urologist in Yelahanka. He is currently practising as a Senior Consultant – Urology at Manipal Hospital Yelahanka, Bangalore, bringing over 12 years of clinical expertise in managing complex urological and andrological conditions across adult and paediatric populations. Recognised as the best urologist in Yelahanka, Dr. Vikram combines advanced surgical skills with compassionate patient care, specialising in both endourological and open procedures. His extensive training and experience in advanced LASER urological surgeries, including HOLEP (Holmium Enucleation of Prostate) and RIRS (Retrograde Intrarenal Surgery), place him at the forefront of minimally invasive urology in the region. Dr. Vikram's clinical practice encompasses a wide range of urological disciplines, including reconstructive urology, andrology, paediatric urology, renal transplants, and female urology. His meticulous approach ensures precise diagnosis, personalised treatment planning, and optimal post-operative outcomes. He has particular expertise in advanced laser techniques for the management of benign prostatic hyperplasia (BPH), complex kidney stones, and ureteric disorders, allowing patients to benefit from reduced recovery times and minimally invasive interventions. In addition, his proficiency in laparoscopic and robotic-assisted procedures enables him to manage complex urological reconstructions and oncological surgeries with exceptional precision. Patients seeking the best urologist in Yelahanka consistently turn to Dr. Vikram for both routine and high-complexity procedures, confident in his ability to deliver outstanding care. Beyond his clinical work, Dr. Vikram has actively contributed to academic research and knowledge dissemination in urology. He has authored multiple studies on topics such as medical expulsive therapy for ureteric calculi, sonourethrogram evaluation of urethral strictures, and outcomes in BPH with obstructive uropathy. His publications in international and national journals reflect his commitment to evidence-based medicine and continuous improvement in patient care. Dr. Vikram has also participated in several symposiums and conferences, including the Davangere PG Symposium at KUACON 2011, sharing his insights on complications of urinary diversion and minimally invasive surgical techniques with peers and trainees. Dr. Vikram is committed to expand his urological specialized care services at Manipal Hospital Yelahanka, offering state-of-the-art diagnostics, cutting-edge surgical solutions, and a patient-focused approach for long-term urinary and reproductive health. His holistic care model emphasises early detection, minimally invasive intervention, and post-operative rehabilitation, ensuring sustained health outcomes for men, women, and children alike. Recognised for his surgical precision, clinical insight, and empathetic approach, Dr. Vikram G D is regarded as one of the best urologists and andrologists in Yelahanka, and a trusted choice for patients seeking advanced, reliable, and personalised urological care.
