

DR. BHARATH T

Consultant - Medical Gastroenterology

Qualification

MBBS | MD (General Medicine) | DNB (Gastroenterology)

Overview

Dr. Bharath Tathineni is a highly skilled gastroenterologist in Yelahanka. He is currently practising as a Consultant – Gastroenterology at Manipal Hospital Yelahanka, Bangalore, bringing over a decade of clinical expertise and advanced procedural skills to the care of patients with complex gastrointestinal and hepatobiliary conditions. Known for his patient-centric approach and meticulous precision, Dr. Tathineni combines cutting-edge technology with evidence-based medicine to offer comprehensive care, from diagnostic evaluations to advanced therapeutic interventions, ensuring optimal outcomes for each patient. Graduating with an MBBS from PES College, Kuppam, Dr. Tathineni laid a strong foundation in general medicine before completing his MD in General Medicine at Adichunchanagiri Institute of Medical Sciences, Mandya, Karnataka. He further advanced his specialisation in Gastroenterology through a rigorous DNB program at Manipal Hospitals, Old Airport Road, Bangalore, followed by a one-year fellowship in Advanced Endoscopy, also at Manipal Hospitals. His extensive training has equipped him with expertise in performing diagnostic and therapeutic upper GI endoscopy, colonoscopy, ERCP, and diagnostic EUS procedures. Dr. Tathineni has gained substantial clinical experience through his tenure as Senior Resident and Assistant Professor, and as a Visiting Consultant in General Medicine at reputed medical colleges and hospitals in Bengaluru. He progressed to Junior Consultant Gastroenterology and subsequently to his current role as Consultant Gastroenterologist at Manipal Hospital Yelahanka, where he continues to provide high-quality care. His work demonstrates a strong commitment to minimally invasive procedures, patient safety, and tailored treatment strategies, which has earned him a reputation as one of the best gastroenterologists in Yelahanka. In addition to his clinical work, Dr. Tathineni has actively contributed to medical research and publications, focusing on hepatology, gastrointestinal disorders, and rural healthcare challenges. His studies include evaluating sarcopenia in decompensated chronic liver disease and exploring the predictors of morbidity and mortality in organophosphorus poisoning. These research endeavours highlight his dedication to improving patient care standards and advancing medical knowledge. His approach ensures that both complex cases and routine gastrointestinal concerns are addressed with precision, compassion, and the latest evidence-based practices. Patients seeking the best gastroenterologist in Yelahanka can rely on Dr. Tathineni for comprehensive evaluation, personalised treatment plans, and advanced endoscopic care. Going forward, he remains committed to integrating emerging technologies and research insights into daily clinical practice, mentoring young physicians, and maintaining the highest standards of patient care in Yelahanka. With a focus on holistic management, minimally invasive interventions, and continuous professional development, Dr. Tathineni exemplifies excellence in modern gastroenterology.
