

DR. ANITA NAGADI

Lead Head & Neck Oncology

Qualification

MBBS | MD | MRCPCH (UK) | FRCR (UK) | CCT (UK)

Overview

Dr. Anita Nagadi, the best radiologist in Bangalore, completed undergraduate medical and postgraduate radiology training at Pune University. She was awarded an FRCR in 2009 whilst training under the Wessex Training Scheme at University Hospitals Southampton. She pursued subspecialty training in Oncological Radiology and Head and Neck Imaging and completed her CCT in 2011. Having served as a Consultant Radiologist in the NHS, she relocated to India in 2013 and joined the Manipal Hospitals Radiology Group. A Senior member of the MHRG team, she leads the Head and Neck and Oncological Imaging practices. Her other areas of interest include Abdominal Radiology and Neuroradiology. Dr. Nagadi drives the annual flagship ENT Radiology course at CARHY, leads the weekly hospital Tumour Board for Radiology and is actively involved in postgraduate training & research. She has several publications and presentations to her credit in national and international journals and is a guest speaker at national and regional conferences.

Fellowship & Membership

- Royal College of Radiology
- Radiological Society of North America
- European Society of Radiology
- European Society of Oncologic Imaging
- British Society of Head and Neck Imaging
- European Society of Head and Neck Radiology
- Indian Radiological and Imaging Association
- Indian Society of Gastrointestinal and Abdominal Radiology
- Indian Society of Paediatric Neuroradiology
- Society of Oncologic Imaging India

Field of Expertise

- Radiology

Languages Spoken

- English
- Kannada
- Hindi

Awards & Achievements

- Secured a Distinction in Pharmacology during MBBS.
- Secured the Gold Medal in MD Radiology.

Talks & Publications

- Percentage Signal Intensity Recovery: A step ahead of rCBV in DSC MR perfusion imaging for the differentiation of common neoplasms of brain. KL Surendra, Sriram Patwari, Shishir Agarwal, Harsha Chadaga, Anita Nagadi.
- Migrating pseudomeningocele: A rare complication of posterior fossa surgery Kapanigowda MK, Nagadi A, Patwari S, Raghu V, Chadaga H. Neurol India
- Utility of Non-EPI DWI MRI in the management of Pediatric Cholesteatoma. Sreenivasa Murthy TM, Anita Nagadi, Sneha Krishna Mohan.
- Conus Medullaris Dermoid Rupture into Central Canal: A Case Report. KL Surendra, Sriram Patwari, Harsha Chadaga, Anita Nagadi, Rekha Priya. Journal of Clinical and Diagnostic Research.
- Rapunzel Syndrome and Small bowel Intussusceptions due to a Cotton Thread Bezoar: A Case Report. Vineetha Raghu, Anita N. Nagadi, Ashwini C. Journal of Gastrointestinal and Abdominal Radiology.
- Magnetic resonance imaging of common, uncommon and rare implantation sites in ectopic pregnancy. Ramanathan S, Raghu V, Ladumor SB, Nagadi AN, Palaniappan Y, Dogra V, Schieda N.
